Subject: Really wishing this would happen!

Hello City of Ojai,

I've loved a casual use wish only to be around other like minded people, who also enjoy cannabis. It is relaxing. Very mellow. The opposite of a loud bar environment (I'm not much of a drinker). There are so many options to "go out" with friends who drink alcohol and nothing for us who use cannabis. A legal substance!

Please open up to a huge contingent of tax paying resident homeowners. We too deserve a consideration.

Thank you. Isadora
